

Causing death by careless driving whilst under the influence of drink or drugs

Causing death by careless driving when under the influence of drink or drugs or having failed either to provide a specimen for analysis or to permit analysis of a blood sample

Road Traffic Act 1988 (section 3A)

Triable on indictment only

Maximum: life imprisonment

Offence range: 26 weeks – 18 years' custody

This is a specified offence for the purposes of sections 266 and 279 (extended sentence for certain violent, sexual or terrorism offences) of the Sentencing Code

Obligatory disqualification: minimum 5 years

(Minimum 6 years disqualification if the offender has been convicted of this same offence in the 10 years preceding commission of the present offence)

STEP ONE**Determining the offence category****CULPABILITY**

There are two aspects to assessing culpability for this offence.

1) The court should first determine the standard of driving with reference to the factors below, which comprise the principal factual elements of the offence. Where an offence does not fall squarely into a category, individual factors may require a degree of weighting before making an overall assessment and determining the appropriate offence category. A combination of factors in any category may justify upwards adjustment from the starting point before consideration of aggravating/mitigating factors.

High	<ul style="list-style-type: none"> Standard of driving was just below threshold for dangerous driving and/or includes extreme example of a medium culpability factor
Medium	<ul style="list-style-type: none"> Unsafe manoeuvre or positioning Engaging in a brief but avoidable distraction Driving at a speed that is inappropriate for the prevailing road or weather conditions Driving vehicle which is unsafe or where driver's visibility or controls are obstructed Driving in disregard of advice relating to the effects of medical condition or medication (where the medication does not form a basis of the offence) Driving whilst ability to drive impaired as a result of a known medical condition Driving when deprived of adequate sleep or rest The offender's culpability falls between the factors as described in high and lesser culpability
Lesser	<ul style="list-style-type: none"> Standard of driving was just over threshold for careless driving Momentary lapse of concentration

2) Factors relevant to the presence of alcohol or drugs or a failure to provide a sample for analysis should then be considered to identify the appropriate offence category and starting point of sentence in accordance with the table at step two.

HARM

For all cases the harm caused will inevitably be of the utmost seriousness. The loss of life is taken into account in the sentencing levels at step two.

STEP TWO

The starting points and category ranges below relate to a single offence resulting in a single death. Where another offence or offences arise out of the same incident or

facts, concurrent sentences reflecting the overall criminality will ordinarily be appropriate.

Where more than one death is caused, it will be appropriate to make an upwards adjustment from the starting point within or above the relevant category range before consideration of other aggravating features. In the most serious cases, the interests of justice may require a total sentence in excess of the offence range for a single offence. See the Totality guideline and step six of this guideline.

Starting point and category range

The legal limit of alcohol is 35µg breath (80mg in blood and 107mg in urine)	High culpability	Medium culpability	Lesser culpability
H71µ or above of alcohol OR Deliberate refusal to provide specimen for analysis OR Evidence of substantial impairment and/or multiple drugs or combination of drugs and alcohol	Starting point: 12 years Sentencing range: 8 – 18 years	Starting point: 9 years Sentencing range: 6 – 12 years	Starting point: 6 years Sentencing range: 5 – 10 years
51- 70 µg of alcohol OR Any quantity of a single drug detected	Starting point: 9 years Sentencing range: 6 – 12 years	Starting point: 6 years Sentencing range: 4 – 9 years	Starting point: 4 years Sentencing range: 3 – 7 years
36-50 µg of alcohol	Starting point: 6 years Sentencing range: 4 – 9 years	Starting point: 3 years Sentencing range: 2 – 5 years	Starting point: 1 year 6 months Sentencing range: 26 weeks - 4 years

Below is a **non-exhaustive** list of additional elements providing the context of the offence and factors relating to the offender. Identify whether a combination of these or other relevant factors should result in any upward or downward adjustment from the sentence arrived at so far.

Factors increasing seriousness

Statutory aggravating factors:

- Previous convictions, having regard to a) the **nature** of the offence to which the

conviction relates and its **relevance** to the current offence; and b) the **time** that has elapsed since the conviction

- Offence committed whilst on bail

Other aggravating factors:

- Victim was a vulnerable road user, including pedestrians, cyclists, horse riders
- Disregarding warnings of others
- Driving for commercial purposes
- Driving LGV, HGV, PSV
- Other driving offences committed at the same time as the careless driving
- Blame wrongly placed on others
- Failed to stop and/or assist or seek assistance at the scene
- Passengers, including children
- Vehicle poorly maintained
- Serious injury to one or more victims, in addition to the death(s) (see step 6 on totality when sentencing for more than one offence)
- Offence committed on licence or while subject to court order(s)

Factors reducing seriousness or reflecting personal mitigation

- No previous convictions or no relevant/recent convictions
- Impeccable driving record
- Alcohol or drugs consumed unwittingly
- Actions of the victim or a third party contributed significantly to collision or death
- Offence due to inexperience rather than irresponsibility (where offender qualified to drive)
- Genuine emergency
- Efforts made to assist or seek assistance for victim(s)
- Remorse
- The victim was a close friend or relative
- Serious medical condition requiring urgent, intensive or long-term treatment
- Age and/or lack of maturity
- Mental disorder or learning disability
- Sole or primary carer for dependent relatives

STEP THREE

Consider any factors which indicate a reduction for assistance to the prosecution

The court should take into account section 74 of the Sentencing Code (reduction in sentence for assistance to prosecution) and any other rule of law by virtue of which an offender may receive a discounted sentence in consequence of assistance given (or offered) to the prosecutor or investigator.

STEP FOUR

Reduction for guilty pleas

The court should take account of any potential reduction for a guilty plea in accordance with section 73 of the Sentencing Code and the Reduction in Sentence for a Guilty Plea guideline.

STEP FIVE

Dangerousness

The court should consider whether having regard to the criteria contained in Chapter 6 of Part 10 of the Sentencing Code it would be appropriate to impose an extended sentence (sections 266 and 279) When sentencing offenders to a life sentence under these provisions, the notional determinate sentence should be used as the basis for the setting of a minimum term.

STEP SIX

Totality principle

If sentencing an offender for more than one offence, or where the offender is already serving a sentence, consider whether the total sentence is just and proportionate to the overall offending behaviour in accordance with the Totality guideline.

STEP SEVEN

Compensation and ancillary orders

In all cases the court should consider whether to make compensation and/or other ancillary orders.

- Ancillary orders – Crown Court Compendium

STEP EIGHT

Reasons

Section 52 of the Sentencing Code imposes a duty to give reasons for, and explain the effect of, the sentence.

STEP NINE

Consideration for time spent on bail (tagged curfew)

The court must consider whether to give credit for time spent on bail in accordance with section 240A of the Criminal Justice Act 2003 and section 325 of the Sentencing Code.
